

ASSEMBLY BILL

No. 313

Introduced by Assembly Member Fletcher

February 17, 2009

An act to add Section 1366.4 to the Civil Code, relating to common interest developments.

LEGISLATIVE COUNSEL'S DIGEST

AB 313, as introduced, Fletcher. Common interest developments: assessments.

The Davis-Stirling Common Interest Development Act defines and regulates common interest developments and authorizes the association that manages the development to levy assessments to fulfill its obligations. The act establishes limits on the percentage by which an association may increase regular and special assessments based on the amounts of those assessments in the preceding fiscal year.

This bill would prohibit an association from levying assessments on separate interests within the common interest development based on the taxable value of the separate interests unless the association, on or before December 31, 2009, in accordance with its declaration, levied assessments on those separate interests based on their taxable value, as determined by the tax assessor of the county in which the separate interests are located.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 1366.4 is added to the Civil Code, to
2 read:
3 1366.4. Notwithstanding any provision of this title or the
4 governing documents to the contrary, an association shall not levy
5 assessments on separate interests within the common interest
6 development based on the taxable value of the separate interests
7 unless the association, on or before December 31, 2009, in
8 accordance with its declaration, levied assessments on those
9 separate interests based on their taxable value, as determined by
10 the tax assessor of the county in which the separate interests are
11 located.
